IT'S HAPPENING NOW

The flood of new technology makes each modern marvel appear **archaic** within the briefest time period. An assiduous examination of today's communication methods will make clear how quickly a **rabid** purchaser of the newest product will want to **emulate** friends and buy the next one. The cell phone that can track down the location of a user, or the music-downloading pod that has a potential to record almost countless songs are being replaced with more powerful and exciting products. It would not be **facetious** to claim that scientists will persevere in devising ways for us to contact each other by voice, photographs, and print messages that give us access to a more **salubrious** social network.
