Name: _____ Date: _____ Score: _____ / 10

1.

THE NEWSPAPER UMBRELLA

Our neighbor is an **affluent** inventor whose latest brainstorm, a **feasible** umbrella substitute, has been featured in many magazines. As simply as the eye can **discern**, it is a hard plastic strip, about the size of a ruler, which fits comfortably into a woman's handbag or a man's suit jacket. If a person is caught in a sudden rainstorm, he swings the plastic open in the shape of a cross. Attached to each arm is a clip-like device. Next, he takes the newspaper he is carrying and slides it under each of the four clips. Now, equipped with a rigid head covering he can **sally** forth to face the elements. To the **consternation** of the umbrella manufacturers, it has been enjoying a brisk sale, especially among commuters. If it continues to do well, it could have a pernicious effect upon the umbrella industry.
